CASE COMPETITION
2021

DIIG

To Whom It May Concern,

Welcome to the 3rd annual DIIG x BOW x DCC Impact Case Competition!

Today, investing and consulting firms place an emphasis on social responsibility. This annual event presents a unique case combining elements of **social policy, venture capital, consulting, and impact investing**. Students from **over 25 top universities** are invited to compete. The winners will earn the chance to stand out in front of **20+ expert judges** from industry-defining firms across finance, consulting, and impact investing.

This year's case asks you to prepare a strategy for **Hometeam Ventures**, a venture capital firm that drives innovation in the construction sector to **end global homelessness**. You will make a case for a company that Hometeam should invest in, conduct a double bottom line analysis, and present your strategy to the Hometeam management team and elite judging panel.
